**Who are we and what are our goals?**

Established by rabbit lovers for rabbit lovers, the Ontario Rabbit Education Organization promotes the health and well being of domestic rabbits in Ontario. We provide rabbit owners and care-givers with helpful information regarding rabbit health, diet and behaviour.

**How do we accomplish this?**

The Ontario Rabbit Education Organization produces educational materials and distributes them to veterinary clinics, shelters and pet stores. We also maintain and update an information-based website, attend pet shows and exhibitions, and support a province-wide community of rabbit owners.
